

DEUTSCHE GESELLSCHAFT FÜR
ELEKTRONENMIKROSKOPIE

Program

2nd DGE Young Scientist Symposium

Thursday, Sept. 23rd, 2021 from 14:00 to 16:00

Online using Zoom:

<https://zoom.us/j/95790954298?pwd=amlWU0tycStFWHc4ZzgyVU9iNnVRdz09>

Zoom Meeting ID: 957 9095 4298 Passcode: 064989

14:00 Dr. Nicolas Peter, MPI für Eisenforschung, Düsseldorf

Chemically triggered nanofaceting transition of an asymmetric tilt grain boundary in Cu(Ag)

14:45 Dr. Robert Kiewisz, Medizinisch-Theoretisches Zentrum, Dresden

Ultrastructure organization of k-fibers in a human cell line

15:30 Dr. Fengshan Zheng, FZ Jülich

Towards mapping charge density and electric field in three dimensions using off-axis electron holography

Invited by the Board of the
German Society for Electron Microscopy DGE
